

Stevens Institute of Technology: MSIS Program at Epita

Program

12 courses for a total of 36 credits. Under certain conditions, professionals in computer science can waive the CS courses. [See details](#)

Tuition fees

Professional: \$2598/course Student: \$1820/course

Graduation fee: \$205

Late Payment Fee (for students who do not pay tuition/enrollment fees within 10 business days) \$500

D999 – Maintenance of Matriculation (per semester) \$295

Tuition fees do not include books.

Tuition fees are due at the beginning of each semester.

All fees can be paid in euros to Epita according to the dollar-euro rate applicable at the time of billing.

Application deadline

Application closes on April 20, 2007

Program starts on May 21, 2007

Schedule

Students can extend their period of studies over 3 years providing they respect the sequence of courses (see program). *Nota:* if the period of studies is extended, the prices will be adjusted to the tuition raises at Stevens and the maintenance of matriculation will be due for each semester without courses.
